**Cooler: Instructions for use:**

Wash in warm water before first use using a mild detergent and regularly thereafter. Dishwasher safe (in top rack to a max. temperature of 65°C/149°F). Food colourings may discolour components. For optimum cooling effect, put the teether in the refrigerator for one hour. Only cool in a refrigerator. Do not place in the freezer compartment.

**For your child's safety****WARNING!**

Inspect before and after each use and discard if worn or damaged! DO NOT BOIL, STEAM OR MICROWAVE STERILISE. For cleaning wash with warm water. The teether is for children between 0–3 years. Older children can bite through the waterfilled section. The waterfilling is harmless and controlled regularly.
