MINI TEETHER: Instructions for use:

Sterilise the mini teether before first use. Sterilise by one of the following methods: by boiling, cold water sterilising, electric or microwave steam sterilising. Dishwasher safe (in top rack to a max. temperature of 65°C). Food colourings may discolour components. Clean regularly with warm, soapy water. Do not worry if the bite & relax teether becomes lodged in the mouth. It can not be swallowed and is designed to cope with such an event. Remove as gently as possible.

**For your child's safety****WARNING!**

Inspect mini teether before and after each use and discard if worn or damaged!
